Tennessee Elections. We have not yet received any definite returns from surrounding counties. As far as heard from, there is a general falling off from the American vote, without any increase of the Democratic vote. The scattering returns from the upper counties, indicate the election of Taylor by a handsome majority. The election of Maynard in this district is regarded as doubtful owing to the fulling off of several hundred votes on the American side. - Knox-

THE TENNESSEE AND ALABAMA RAILROAD. - We learn that there are some 80 hands at work on this road, between Spring Hill and Columbia; and that the Company intend to push it through as early as possible. The Company have also contracted for a portion or all the grading beyond Columbia to Mt. Pleasant. Under its excellent management, this road has won largely upon public favor. The Conductor, Mr. D. W. C. ROWLAND, is one of the most gentlemanly and accommodating railroad men we have ever met. His long experience, and his thorough acquaintance with the busines, added to his punctuality and polite address, qualify him for any responsible station in the running Department.

THE ROCK ISLAND BRIDGE SUIT .- The case of the steamer Effic Afton against the Rock Island Bridge company, will be tried at Chicago on the 8th of September next. A special circuit has been called for that case, and no other will be called. The St. Louis Republican of the 4th inst., says:

This is considered by all parties as the test suit, and there can be no doubt but that the Bridge Company will be beaten. The recent decision of Judge Nelson in the Albany Bridge case, shows that the Supreme Court have no idea of changing the laws or shrinking the question,

It was conjectured the other day that the highest salary ever paid in this country is that of \$25,000 granted to Mr. Moran, President of the New York and Eric Railroad. The New York Mirror says that the head man in Stuart's sugar refining business received for years an annual salary of \$30,000, and that he resigned his place for some more profitable employment.

Mrs. Margaret trilson died in Proctorville, Vi., on the 17th inst, at the advanced age of ninety-two years. She was on a visit to Charlestown on the day the battle of Bunker Hill was fought.

13 It is said that there have been more thunder storms and more accidents from lightning this summer, then are remembered for many years

FREIGHTS ON GRAIN .- The freight on wheat, peas or rye, from Nashville or Knoxville to Augusta, is thirty cents per bush-l.

On corn twenty-four cents per bushel. On oats, twenty-one cents per bushel.

On wheat, from Memphis to Augusta, thirtyseven cents per bushel.

MEMPHIS AND LITTLE BOCK RAILEOAD .- The work of track laying on this road is progressing finely, we learn, there being over five miles already completed, and a locomotive will be put upon the track in the course of three or four days. Some twenty-eight or thirty miles are graded and ready for the superstructure, and the work is being pushed forward as rapidly as possible. The packets will commence bringing the iron from New Orleans immediately. Hurrsh for the Memphis and Little Rock Railroad! - Memphis Bulletin.

It is said that no fort ever suffered so much from a single battle, as has the plane-force from the rally, at the LOWEST PRICES! Battle of Prague.

Meeting him some months after, what was my stonishment at finding him a hale, hearty man; he told me he now weighed 200 pounds, and that this wonderful hange had been produced by Ecrhave's Holland Bitters, to which he attributed solely his restoration."

Having gone to considerable expense in refitting and enlarging our means of accommodation we flatter our-cives that we will be able to add materially to the comfort of all who may favor us with a visit, having during the past winter put away about seventy thousand pounds of very fine Ice. We have had built 12 additional bed rooms, besides a large one 60 by 2 ft, lattiled on each side to afford air, in which the lovers of pleasure and social enjoyment will find ample room for recreation.

It is only necessary to say that chronic affections of any of the more important organs exhibit the efficacy of the waters, particularly those of females. There will be a practising Physician here at all times, should his professional services be required. Thankful for the very kind and liberal patronage heretofore extended towards us, by our numerous friends and visitors, we again ask a continuance of the same, with the assurance that neither time nor pains shall be spared to render all comfortable and agreeale, who may sojourn with us in future.

Having secured the services of Mr. and Mrs. Paterson, the public may be assured of hearty cheer in he dining-rocm.
